July 5th drawing Results: 6, 7, 26, 28, 34

NJ Goats - White	22-26	B
Riverside Hawks	27-31	A
JKMBA Jaguars	32-35	A

Note: Goats Black and Goats White cannot be in the same group. If the Lotto places them in the same Group, the next team listed from the 2nd Goats team drawn that has not been drawn will replace the second Goats team.

The actual team was KYDA and not Team Scan.

Additional Notes:

Note: If a team pulls out after the draw, we will not have time to do another drawing. As such, our first option is to find a team to replace the team that pulled out. If a replacement team cannot be found, all teams listed after the team that pulled out will be shifted up in the same order to fill the vacate spot and the lotto numbers that were already drawn will be used to assign the brackets/pools.

Note: The tournament organizers reserve the right that mistakes can be made in assigning the teams based on the lotto drawing. However, once teams are assigned, all groups/pools are final and the mistake will not be corrected to reflect the correct draw. Remember, the main purpose of using the lotto drawing exercise is so that teams are placed randomly. An honest mistake will still accomplish the goal of being random.
